

Tribe^{of} Vibe

at Wakarusa

The VibeTribe of Kansas City performance ensemble and Easily Distracted Entertainment are bringing a magical Midwest performance art experience to the heart of Wakarusa. Look for our troupe, raising the vibration one gyration at a time all over the festival grounds: body-painting, booty-shaking, costume making and fire playing after dark. Swing through the VibeTribe stage show on Friday at high noon on the Satellite stage; OR join us for the costume contest and parade on Friday evening.

The best part? You too can be a part of the Tribe of Vibe!

Blow by the jellyfish at the geodesic dome or mayan pyramid scheme at the Main Stage field, slow your roll and come flow with us any time of day to participate in games, mischief, meditation and more! With good vibes that will blow minds, we'll see you on the dance floor....
